DETAILED ACTION

1. Applicant's Information Disclosure Statement, IDS, filed November 04, 2002, has been considered by the Examiner.

Election/Restrictions

2. Applicant's election of claims 1 – 4 and 11 – 17 in the reply filed on November 23, 2004 is acknowledged. Because applicant did not distinctly and specifically point out the supposed errors in the restriction requirement, the election has been treated as an election without traverse (MPEP § 818.03(a)).

3. Claims 5 – 10 are withdrawn from further consideration pursuant to 37 CFR 1.142(b), as being drawn to a nonelected invention, there being no allowable generic or linking claim.

EXAMINER'S AMENDMENT

4. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Claims 5 – 10 are cancelled for being drawn to non-elected invention. Election was made without traverse as indicated above. Applicant has the right to file divisional application on subject matter covered by these claims.

Allowable Subject Matter

5. Claims 1 – 4 and 11 – 17 are allowed.

6. The following is an examiner's statement of reasons for allowance:

The prior arts teach a sensing circuit, comprising:

an integrator to sense charge release from a passive electronic device;

a comparator to interpret the charge release as one of at least two data states.

However, the prior arts fail to teach the sensing circuit, further comprising:

a compensation module to generate a compensation signal as needed; and

a self-timing module to adjust timing of the integrator sensing based upon a predefined voltage level.

7. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

8. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

Art Unit: 2827
